"With Love is so amazing, easy to work with, responsive - you all saved me when I first started fostering baby E. Before baby E came to me, I was doing respite only and didn't need many of my own supplies. When I agreed to take a 2 week old infant everything happened very fast and in less than 4 hours I picked him up from the NICU with absolutely nothing but a pack-n- play and borrowed car seat - no diapers, no clothes, no bottles NOTHING and with a new infant in tow that had some special needs not a lot of bandwidth to get to the store. Within just a few days, With Love delivered so many clothes, great quality and mostly new, diapers, bottles, a stroller, a few books, and initial toys, and a Bumbo seat. Now that this little man is 5 months old, the Bumbo seat is his favorite place - joining meals, exploring foods, building strong sitting muscles, it's an ART table where we make fingerpaint cards for his bio parents for Christmas and Valentine's Day. I am so grateful to With Love for everything you do and for saving me and giving me time to care for Baby E in his first weeks without worrying about supplies. Since then, we received lovely Christmas treats from your holiday event and are now expecting our second delivery of clothing. In addition to supporting me, I am comforted knowing that when he is able to return to his biological parents, he will get to take his things with him and provide them with initial support also. Thank you."
